January, 2012

Happy New Year!!!

The next meeting of the Illinois Spoonpluggers will be on Thursday, January 12, 2012, 7:15 PM at the Elk Grove Village Public Library. Club meetings are held on the second Thursday of the month.

Well, winter finally arrived, at least for a few days. The extended boating season has allowed some nice fish to be caught well into December. Jim Duplex, Gino Testone and Rick Matus reported continued muskie activity and bass reports from Indiana have also been been excellent. Looking back at 2011, much has been accomplished in the past year as the base of knowledge and skill among club members (and the National) continued to grow. Sharing this knowledge is what makes Spoonplugging unique, whether by attending outings, participating in discussions at meetings and online, working out fishing situations on the water, or by sharing maps and fishing reports. To quote Mr. Perry, "The more I learn, the more I see there is to learn!" So true. Let's work to make 2012 another great year in Spoonplugging!

MEETING SUMMARY - The annual Business Meeting was held on November 10 with 13 club members in attendance. Club duties for 2012 were reviewed and are listed below. Good news!!! Joe Zaremba announced that the Elk Grove Village Library has committed to providing the conference room (and occasionally the large meeting room) for our monthly meetings for the entire 2012 year starting in February. The small size of the rooms available to us has been a concern of late but fortunately the situation will be improving. THANKS, Joe!

Club outings were discussed and it was decided to hold outings this year at Lake Shelbyville (June) and the Madison Chain (July). Bob Roels will take the lead in coordinating. The club also voted to create a position of Education Director to provide/coordinate educational content for newsletters and meetings. Contact Phil Szafranski if interested; we will continue discussions at the next meeting. Members agreed to purchase some lure knockers to add to the Spoonplugging tools available for club use.
