

# Northern Illinois Spoonpluggers

Next meeting will be held on November 6, 2013

## NIS Christmas Party

Another summer has come and gone. Many good catches were made this season. As our lakes start turning over we may have to travel to make decent catches. Lucky for the Spoonpluggers there are good river systems near by and good reservoirs down south. Lake Michigan has great fishing opportunities in the colder months like the King Salmon, Brown Trout and Lake Trout so keep those fish pictures and fishing reports coming in. The club will be dining on **Fox Hole Pizza** for the club Christmas Party and everyone will receive a free raffle ticket for the Christmas drawing. So come on by and celebrate another great year of Spoonplugging. **Thank You Buck !**

Ted and Pat Malo attended the Northern Indiana Spoonpluggers outing in August. Pat and Ted made a good catch. Pat caught this 21" Bass on the breakline at 20 foot along with some good eaters. Ted said the Indiana club did another outstanding job on the outing. Ted and Pat fished Lake Wawasee and caught good numbers of Largemouth Bass and Northern. Great job guys!

Meetings will be held at the VFW in McHenry (3002 w IL Rt 120) the first Wednesday of every month 7:30pm - 9:00pm. April - November.

## Last month's attendees:

Chris Angsten	Jerry Borst
Ted Malo	Chris Blatzhiem
Bill Lorch	Don Dayton
Maureen Halleran	Dave Hunt

Ted Malo has been fishing a lot since his retirement. Ted has put many hours of hard work in on Lake Delavan. As you can see his hard work has been paying off. Ted has caught on many occasions walleyes running a 500 spoonplug on the way to the main lake. Ted caught these walleyes working a Silver Buddy on the end of a long rocky bar. Good job Ted!

Jim Shell and Jerry Borst took a trip to Kinkaid Lake in Southern Illinois. They boated ten Muskies in two days, nine of which were over forty inches. Things were tough for the first several hours but we all know fish don't move constantly or consistantly so when the fish moved up these guys were there. Heres Jim Shell with a chunky 44" Muskie and Jerry Borst with a solid 43" Muskie. Good job guys!
