

Illinois Spoonpluggers Newsletter

Dedicated to the teachings of E.L. "Buck" Perry
The Father of Structure Fishing

July Meeting Notes:

14 members attended the July meeting. We finalized the order of the club shirts and spent the rest of the meeting discussing the many fishing reports from members all over the Midwest.

Club Notes:

Please check with your local library to see if they have a copy of the Green Book. The club has some extras that can be donated.

The club shirts have arrived and will be available at the next meeting. One shirt was ordered for each Club members. Please contact Bob Roles if you have any questions

All have all submitted reports in the past couple weeks. From Texas to the Michigan outing and all over Wisconsin the summer fishing season is in full

swing. Warm stable weather has help produce some great movements and catches of Bass, Pike, Muskie, Walleye and just about anything else that swims.
